

## Board of trade urges ten point development plan

Nomination committee names Nicolson

1951 president, election December 19

A top-point program designed to make White Rock a better community in which to live was outlined to White Rock Board of Trade in White Rock Lodge, Tuesday night.

Past president V. McPherson spoke on the plan drawn up by the executive and circulated to all businessmen before the meeting.

Nominated as officers for 1951 were: M. H. Nicolson, president; H. R. Pinchin, vice-president; R. Jamieson, secretary; and M. Zack, treasurer.

Resolutions for executive council will be: G. Alcock, P. Stanforth, S. Suddes, H. Bloomer, T. Sturges, J. Carls, W. Walton, J. Bowles and G. Goode. Seven are to be elected. Balloting is to take place December 19 and further nominations can be made at that time.

### TEN POINTS

1. Development program embraces:
1. Better roads and more consideration from Surrey Council.
2. Small industries for permanent payrolls.
3. More and better tourist accommodation to encourage summer vacationers.
4. Active publicity for White Rock to attract permanent residents and tourists.
5. Improved water, fire and telephone service.
6. A hospital in White Rock.
7. A ferry service to Vancouver Island from White Rock.
8. A breakwater to encourage boating and marine development.
9. Improved beach maintenance, rest-room facilities and parking areas.
10. A national park in Semiahmoo Indian Reserve area and a secondary scenic highway from the Peace Arch through White Rock, Ocean Park, Crescent, Elgin and back to the King George Highway.

### FIELD OVER

Members decided to leave over to the new executive the question of determining where the 1950 parks appropriation for White Rock was spent.

Upon motion of John Bowles it was decided to enlist the aid of W. Moff, M.P., in an effort to secure better telephone service for White Rock.

### WED IN 1900

GOLDEN WEDDING ANNIVERSARY will be celebrated by Mr. and Mrs. J. A. Nickels, 714 Washington Avenue, on Sunday when they will be at home to friends. The couple were married in Carleton Place, North Dakota, on November 26, 1900, by Rev. H. J. Sheridan. Mr. and Mrs. Nickels went to England in 1904, returning six years later to Canada. They resided in Edmonton for 14 years and then came west to Vancouver where they lived until Mr. Nickels' retirement from carpentry and building in 1926. They moved to White Rock two years ago. Mr. Nickels' hobby is chess which he now enjoys whenever the occasion presents itself.

### THIRD MAN

## Sid Suddes to run for Council

It's a three-way race for Councillor of Ward 7 (White Rock) with the announcement this week of the entry of Sidney Suddes, proprietor of the White Rock Lodge, into the election contest.

Mr. Suddes is secretary of Zone 2 Ratepayers' Association, member of the Town Advisory Council, and on the executive committee of White Rock Board of Trade.

Before coming to White Rock he lived in Trail where he was active in the Board of Trade and ratepayers executive. He is married and has no children.

Already in the arena are C. P. Orner and W. Offer whose candidature was announced earlier.

### STEWARDSHIP

#### MEET NOVEMBER 30

Annual stewardship meeting sponsored by White Rock Ratepayers' Association will be held in the Canadian Legion Hall, Johnston Road, next Thursday, November 30 at 8 p.m.

Keve, councillors, Parks Board and School Board will be at the meeting to give citizens an account of their stewardship during the past year.

## BCE Glee Club at Legion concert

B.C. Electric Glee Club conducted by Mr. E. G. Dawson and including a large number of top flight artists, will be heard at the Legion Hall on Friday, December 1 at 8 p.m. This is reported to be one of the finest entertainments in British Columbia.

Canadian Legion Branch No. 8 executive will meet at the Legion Hall at 7:30 p.m. on Tuesday, November 28.

Sub-zone meeting will be held at Langley Legion Hall on November 27 at 8 p.m.

—Daily Province

GRAND PRIZE WINNER in Associated Canadian Travellers' amateur contest in P1-man Legion Hall Saturday night was Kathleen Locke, Mind acrobat, shown. Show was sponsored by Peace Arch Kiwanis Club in aid of the A.C.T. Arthritis Fund and broadcast over CKWX.

Donations to the Arthritis Society can be made at A.C.T. Arthritis Fund, 500 Beatty Street, Vancouver.

People wishing to vote for their favorite amateur contestant may still do so by sending a contribution of 25 cents or more to the above address or to the Bank of Montreal, White Rock.

### SUNNYSIDE NEWS

## Two sitting councillors will seek second term

Councillors Ted Kahn of Ward 5 and Dick Miller, Ward 6, have announced their intention to seek re-election in this year's municipal elections.

Decision was made following a meeting held at the home of P. W. McBride, president of the Sunnyside Community Association.

### FIRST CHRISTENING

The first christening in the Sunnyside United Church took place when the infant son of Mr. and Mrs. Mike Krymer, Shepherd Road, was christened Barry Michael on Sunday, November 12, by the Rev. Frank Hardy at the two o'clock service.

### GUEST SPEAKER

Mr. William Smith will be guest speaker at a Youth for Christ Rally on Friday, November 24 at 7:45 p.m. in the O.E. Masonic Hall, Washington Avenue, now known as the Youth for Christ Hall.

### Local choral society wants more voices

First practice of the season was held by White Rock Choral Society Monday night. There was a fair turnout but more voices are needed report society officials.

Those wishing to join the group may do so by attending the next practice on Monday, November 27 at 8:15 p.m. in the United Church Hall.

### THANK YOU

The Editor, Semiahmoo Sun.

To the citizens and all in the community of White Rock on behalf of the Canadian Legion I wish to thank you one and all for your generous contributions to our Poppy Fund.

E. A. FIDDY, Chairman Canadian Legion Poppy Fund Campaign.

### Auxiliary tea set for Wednesday

V.O.N. Auxiliary is holding a tea in the White Rock Hotel at 2 p.m. on Wednesday, November 23. It is requested that V.O.N. members hand in all work and raffish tickets to Mrs. Holgren, Variety Store, on Washington Avenue, by Monday, November 27.

## Zone 2 Ratepayers hold meeting tonight

A meeting and social evening of Zone 2 Ratepayers will be held at White Rock Lodge tonight at 7:30 p.m. A short period will be devoted to Zone business followed by a program of cards and other entertainment.

Those living within the boundaries of Maple Street, Johnston Road and South side at Ipsa Vista are in Zone 2, and are invited to attend this and other Zone 2 ratepayers' meetings.

### JEFF THEABALD

WINNER of last week's first prize in the "Road to Fame" show at the Park Theatre was magician Jeff Theabald, shown here in his "ring" act. Final show is scheduled for 8:30 tonight.

### TONIGHT

## Ten acts in variety show

Magical rings, disappearing drinks and fast-moving handkerchiefs caught the fancy of the crowd as Jeff Theabald and his magic won top place in last Thursday's Amateur Talent show at the Park Theatre.

Second place in the hour-long show went to young Connie Whittle, Rita and Betty May.

Others placing were Mr. Fred Binning, Ellenore Hugh, Ardy Garrett and C. Trislen.

Tonight the final contest on the "Road to Fame" talent show sponsored by the Semiahmoo Sun at the Park Theatre will be held. First and second place winners from previous contests plus new acts are to appear.

A committee of judges has been appointed, who with the help of the audience, will pick the Grand Prize winner from among the ten acts to be seen.

### Resort owners want beach clean-up

Cleaning up of White Rock beach area has been selected by South Surrey branch of the Aulso Courts and Resorts Association as its main objective for 1951.

Named president at the meeting held at Coedmont Villa on November 15 was Ralph Rink, White Rock. Mrs. R. P. Stanforth, Sunnyside Auto Court, was elected secretary. Directors include Max Zack, Colliott Villa.

### New baby clinic opens Wednesday

New Baby Clinic for the West end of White Rock will be held in the Superduty Shop on the first Wednesday of every month. The first clinic will be held on November 29 from 2:30 to 4 p.m. reports Olive Clancy, public health nurse.

## OLD GRAY MARE

### Students take win over business men 28-23

By JACQUE ZACK

It was an exciting night when Semiahmoo Senior Boys and the White Rock Business Men played basketball at Semiahmoo Gym and those who attended saw a game filled with thrills and excitement.

The game was close all the way with neither team ahead by more than three points at a time. Checking was close throughout the game and fouls were plentiful.

#### HALF-TIME LEAD

The business men, who were the first to score, were soon overtaken—but not easily—by the school team but by half-time the men were in the lead again—19-18.

The fans had a good time not only watching the game but by adding to the excitement by cheering.

## Semiahmoo melonmen lose to North Surrey 48-46

A stronger North Surrey team took the measure of Semiahmoo's senior basketballers November 10 when the locals dropped their second game of the season 48-26.

It was the second contest of the season for both teams and Semiahmoo showed a vast improvement over last year as they scored the first basket of the game.

North Surrey took leads of 16-9 and 27-19 in the first quarter. Their fast playing and set shots enabled them to maintain the lead.

#### CLOSE CHECKING

If Semiahmoo couldn't keep their score up with North Surrey they at least proved they could lessen their opponent's chances of scoring by close checking and speedy recoveries of rebounds.

In many cases Kirk Carmichael was constantly in there keeping a close check and netting points while, for his first inter-school game, Bill Meek showed he had the necessary skill to help keep back the opponents.

Glenn Green, Eric Small, and Jim Mann put in the speed which kept Semiahmoo up in the North Surrey in the first half. Eight out of 32 free shots awarded were kept by North Surrey and 9 out of 21 for Semiahmoo.

#### HIGH MAN

High scorer for North Surrey was J. Murray who netted 7 free shots out of 18 for a total of 19 points; and for Semiahmoo, Ken Stewart with 10 points.

The scoring: North Surrey: M. Taamala 8, M. Williams 5, R. Glasbrett 4, G. Priesen 3, B. Stanley 4, J. Murphy 15.

## Soccermen suffer first loss 5-3

When heralded Semiahmoo Soccer team which went undefeated in league play is having a tough time taking the zone championship playoffs. In the two games played to Wednesday afternoon they have tied one and lost one.

Locals suffered their first defeat of the season at Ladner on November 15, playing Delta in the second of the best-of-three series.

During the first half Semiahmoo scored against a strong wind enabling Delta to score three goals.

In the second half when the teams had changed ends Semiahmoo picked up the advantage; they returned with their old vigour and drive. Glenn Green scored and Cliff Meloye, who played a terrific game all the way through, made good a penalty kick.

They had two to go and the game would be theirs when Fate went against them again. The wind suddenly died down and Delta came storming back in to score twice more.

Third and deciding game was played last night at Semiahmoo High.

VISITS . . . I. K. Ascott of Arizona stopped off to see an old friend here last Sunday.

WITH THROOPS . . . Bud Powell of White Rock was among the troops passing South, Tuesday noon.

## The Martins and the Coys

What could become a first class feud is slowly developing in the quiet environs of Crescent over the proposed government wharf slated for the district.

On this page in the "Reader's Forum" the Sun has reproduced a point of view sent to us by John Wickson, one of the opponents to the wharf in its present proposed site. We cannot agree with the arguments expressed there.

The majority of Crescent residents, including its representative associations, have approved the site, and the only opposition appears to come from a wilful group of men whose privacy will be disturbed by traffic passing their doors and from the public wharf.

Relocation of the wharf will require a new road to be built by the municipality at a cost of over \$7,000. If the minority persists in blocking the federal concession, the petitioners against the present site should be taxed directly for the cost of the new road.

Why should the rest of the municipality bear the cost when there is already a road to the previously approved site? We would urge that Crescent go ahead with all speed. If the appropriation is not taken before the end of the year they may find that it will not come up again in the estimates and hence be lost to all. Perhaps that is what the wilful few are seeking?

## Welcome Santa

The Sun has always believed in giving bouquets where bouquets are due and this week says thanks to George Aloock of "The Hub" on Hilltop for his Christmas spirit. George, as will be learned in an announcement elsewhere in this issue, has made arrangements for Santa Claus to come direct from the North Pole to White Rock to entertain the wee tots of the community.

This warm-hearted gesture will not go unappreciated by the mothers of White Rock and district, who, heretofore, have had to lead the happy kiddies into town on the "great adventure" and then drag the tired, cranky ones back again.

So to George Aloock we say "Thank You" on behalf of the mothers of this district. You've got the Christmas spirit, George.

### SPOILING CRESCENT BEACH

Editor, Semiahmoo Sun.

Dear Sir:

Crescent Beach residents are at present very much upset at the threat of having their beach commercialized.

The Dominion Government, at the instigation of selfish commercial interests has offered to build a dock for the use of a few crab fishermen. When this dock has been built, what will prevent large fishing interests from using this dock, thus completely destroying the beach as a summer resort?

Crescent is one of the few beaches within easy reach of New Westminster and Vancouver, which is considered clean and safe for children, and one which was given a clean Bill of Health at the time of the recent polio scare. Now we hear that the healthy swimming beach is to be exposed to the pollution of a fish dock to be built right in the midst of a lovely residential district.

The summer residents of Crescent Beach have maintained a swimming club on the beach for the last forty years, during which hundreds of children have been taught swimming and life saving and have enjoyed a protected beach. Now, is all this to be thrown into the discard for the sake of fourteen fishermen who are already, we understand, suitably accommodated up the Nickemike River.

The promoters of this dock are concerned because the fishermen were inconvenienced by ice in the river last winter. It would be interesting to know, however, what businesses were not inconvenienced by weather last winter. To cite a few examples: Sawmills closed with their logs frozen in the rivers; building operations completely tied up by frost; transportation a standstill due to deep snow and icy roads, and even trans-continental railways closed down by this unusual winter.

The residents who live on the Beach proper, and the only residents vitally interested in a crab dock being erected on the lovely beach have no objection to a dock being built in the mouth of the river, but they do strenuously object to a crab dock being erected on their doorsteps. There are many fine houses on the beach on which very high taxes are paid, approximately \$2000 a year, and the idea of building a crab dock in amongst them seems to be contrary to all modern zoning practices.

Many of these houses were built by owners who felt that they were protected by being on the edge of a Provincial Beach Park Reserve. A few years ago the late Mr. Wells Gray, Minister of the Interior at that time for the Provincial Government, at a mass meeting of the property owners of Crescent Beach held in New Westminster for the purpose of protesting the granting of concessions on the Park Reserve, Crescent Beach to fishing interests, not only refused these concessions, but pointed out that the Provincial Government would never allow any commercial enterprise on the Provincial Park Reserve at Crescent Beach.

It is surely of paramount importance to Surrey to protect this beautiful swimming beach and its large source of revenue derived from the highly taxed homes built on this beach.

The Dominion, Provincial and Municipal Governments should investigate this matter very thoroughly before a very serious mistake is made.

J. A. WICKSON.

## Seen and Heard ... from the boardwalk

By HARVIE

The word making the rounds on the Boardwalk is: we will have five men running for Council this election. As there were about twelve hundred votes cast last time, that could give them about two hundred each, then they could draw straws for the balance.

It seems you cannot place your name for running until a very, very short time before election, this does not give the public much time to find out about the parties and what their platform is. Maybe that is one of the reasons, so few folks care about elections.

One of our local men is so enthusiastic about the oil well at Newton that he became quite poetic, as follows:

Here's to the oil well now drilling at Newton,  
This proven well's now spouting oil,

Twins a wild cat once, just common-sense,  
Until a man that had the nerve

And from his purpose would not swerve  
Until his drill had reached the sand

And put White Rock and Surrey in the promised land.

There is a lot of comment re the article in a city newspaper which stated that White Rock was a shap place to live. Most of the opinion differs greatly from that of the writer of said article.

By the number of trainloads of gas passing through this past week as well as tanks, reminds us all that there is still a war going on. We here seem to know little about such things. They seem to touch as lightly.

Just when is something going to be done about the sidewalk on Washington Avenue. We mean the Boardwalk, as we would have to apologize to all decent sidewalks for calling this death trap one. Could it be that the Municipality is waiting until they have a lawsuit on their hands for damages?

A lady this past week tripped and wrenched herself severely. This Walk has been brought to the attention of the proper authorities, and it has been done. WHY? We have begged, pleaded and cried for another sidewalk, but it seems as though they cannot even insulate the one they have.

There were a large number of disgruntled people a week ago when on Sunday they went to use their cars and found that the air had been let out of tires. Not everyone has a garage and it is a pity that they cannot be left on the streets, safely.

## Letters to the Editor

### COST IN DOUBT

Editor,

Semiahmoo Sun.

Dear Sir:

This question of a plebiscite to determine whether we shall substitute the R.C.M.P. for our own police force is certainly very premature and must remain so until we have placed before us a clear-cut picture of the cost of the new regime as compared with the cost of our own present one.

There is also another angle that should be taken into consideration, and that is whether it is preferable to retain in our own hands a police force subject to the control of our own local government rather than allow it to pass into the hands of the Dominion government over which we have no control at all.

As the matter now stands, it is not at all clear that the new force would turn out to be cheaper than our own. The question is not ready to be voted on and therefore the plebiscite should not be made at this time. If, however, the Council persists in putting it to the vote, the thing to do is vote it down.

A. CHEYVERTON.

White Rock.

### APPRECIATION

The Editor,

Semiahmoo Sun.

Dear Sir:

We would like to express our appreciation to our many friends and neighbors for the very generous way in which they have helped us—both on the night we lost our home and later, with gifts of food and clothing and also financially.

Our deepest thanks go to Miss Grace Davies for rescuing our children and to the Surrey Police whose prompt action saved as much furniture as was humanly possible.

Sincerely,  
MR. & MRS. C. F. HILTON.

167 Newton Road.

In a recent 18-month period, productions of the National Film Board of Canada won 21 prizes at film festivals all over the world.

## Rapid Progress

Rapid progress has been achieved by Allenbee Petroleum Limited in the duration of a very short period of time.

We were successful in bringing into production the Allenbee-Marlinger Leduc No. 1 Well, with 83 feet of porosity in the D2 zone on the 29th day of August, 1950. Also our second success the Allenbee-Marlinger Leduc No. 2 Well, with 115 feet of pay zone in the D2 formation was brought into production on the 16th day of October, 1950.

Our third Well, the Allenbee-Marlinger Leduc No. 3 is now in production with core showings equal or superior to the other two Wells. We are continuing to drill to explore the D3 zone.

The progress of Allenbee Petroleum Limited, has been reflected in the rapid advance of their shares which were selling at the following prices as of the respective dates:

January 2nd, 1950, 18c; March 1st, 1950, 24c; May 15th, 1950, 28c; July 15th, 1950, 34c; September 1st, 1950, 43c; October 15th, 1950, 50c.

The Company engineers after careful laboratory analysis of the cores in the No. 1 Well have estimated conservatively that the recoverable oil on this quarter section will amount to 2,000,000 barrels. Allenbee's share of this Oil will be in excess of \$2,000,000 at present prices. This in turn puts a basic value of \$100 per share on the issued stock of the Company.

The Allenbee-South Brazeau B.C. No. 1 Well at Newton is now drilling at 2450 feet with encouraging showings. We would like further to point out that Allenbee enjoys the happy position of ownership of 50% of this vast acreage without any drilling expense.

In offering you Allenbee Stock at 50c per share we feel we are offering you a stock that will show you a nice profit within a short time, and which has unlimited possibilities for capital appreciation.

# New "RPM" developed by Atomic Energy DOUBLES THE LIFE OF AUTO ENGINES! ...in the toughest test a motor gets!

New Atomic tool! By equipping test engines with piston rings treated at the Atomic Energy Commission's Oak Ridge Plant, our scientists for the first time measured wear as it happened ... found out with Geiger counters exactly why motor oils failed. A New "RPM" was developed!

Cold operation tests, under rigid controls, were used to simulate stop-and-go driving conditions... the toughest kind a motor meets. New "RPM" was compared with the best of conventional motor oils.\* Results were amazing!

New RPM Motor Oil was shown to double the life of average automobile engines between major overhauls due to lubrication. Laboratory tests proved it. Severe road tests backed it up.

## Finest engine insurance you can buy

No motor oil gives you better protection than New "RPM." Compared with conventional motor oils,\* it doubles the life of average engines between major overhauls due to lubrication. It cuts in half the wear-rate of such critical engine parts as piston rings and cylinder walls. It doubles protection against gummy carbon, acid, corrosion, rust and varnish... maintains the low-oil-consumption life of the average engine twice as long. Sold with a money-back guarantee of satisfaction.

We take better care of your car

## AN APPEAL TO THE RESIDENTS OF WHITE ROCK

By BRIG. G. CREEFIELD

White Rock has no reason to be proud of its progress in training children as Boy Scouts and Girl Guides. This is no fault of the children or lack of enthusiasm on their part. A few helpers are doing excellent work but they are severely handicapped through lack of assistance. The situation in regard to the Boy Scouts is particularly deplorable. The sole reason for this is the fact that White Rock has failed to provide Scout Leaders who are prepared to give up a little of their time to help train the boys.

The Scout Troop at present numbers 18 boys only. Many boys are anxious to join but they cannot be accepted because we have no Scout leaders to train them. At present Mr. Kelly, the Scoutmaster, is the only male member of the Association in White Rock who is doing anything to train the boys. But for his painstaking efforts training of the existing troop would have to cease. He cannot possibly accept any more boys in the troop without assistance.

In all walks of life self-interest and interity are most important factors in a person's make-up. Scout training is designed to foster these characteristics in the boys. Apart from its moral value training the interest in other subjects which it promotes is well worth some effort on the part of our citizens. The Boy Scout movement is of particular interest, or should be, to all parents and in the average community all public spirited individuals give the movement their support. Perhaps it is that the difficulties the Boy Scouts Association is meeting in White Rock are unknown to the majority and others may wonder how they can give it their support. This week we are appealing for Scout Leaders. We want at least eight to 10 volunteers so that we can form three scout troops each of 20 boys. Later we propose to publish how residents may give the movement their support in other ways.

The Provincial Council is holding a training course for Scout Leaders

at the Canadian Legion Hall in Cloverdale, commencing on the 27th November. These courses require a great deal of preliminary work on the part of the Association and the District Committee is anxious that we should not miss the opportunity it affords for training Scout Leaders for White Rock. Particulars of the course are given below and transport will be arranged for those who cannot provide their own. Previous training or knowledge of scouting is unnecessary; the District Committee will welcome any man between the ages of 18 and 45 who is prepared to give up a little of his time to the worthy object of youth training.

Everyone interested can help; those who cannot volunteer themselves for training as Scout Leaders can assist by endeavouring to persuade eligible men to volunteer, meethearters and wives can give valuable assistance by using their influence with their men folk. It is regretted that this appeal could not be launched earlier so please do not delay in giving all the assistance possible to enable us to obtain the Scout Leaders we require.

Ladies are also required for training as Lady Cub Masters. These also can undergo the course at Cloverdale mentioned below.

Will volunteers kindly contact the following:

## Around Crescent

Crescent Fire Hall was the meeting place this month for the Crescent and Ocean Park Board of Trade, at which Mrs. K. Moras made her debut as secretary-treasurer. The main topic of the meeting was the report given by the Community Hall Committee, which was very favorable.

A conference has been held between delegates from the Property Owners' Association, the Board of Trade and the Crescent Beach Swimming Club, the outcome being not only financial co-operation, but the last mentioned organization has offered a site for the proposed Hall, i.e., the Tennis Court property at the water front end of Sullivan Avenue.

If everything works out satisfactorily, residents here will be able to look forward to an early start on the erection of the long-awaited Community Hall.

For training as Scout Leaders and Lady Cub Masters:

Mr. C. E. Terry, Secretary of White Rock Boy Scouts Association, Victoria Avenue, Phone 2303; or

Mr. J. O. Ormby, Leg. District Commissioner, The Boy Scouts, 1066 Washington Ave. Phone 2995.

For training as Lady Cub Masters only:

Miss Crawford at B.C. Electric Office, White Rock.

This appeal is extended to Crescent, Ocean Park and Sunnyside, whose assistance will be most welcome.

### P.T.A. ENTERTAINS

The Crescent P.T.A. entertained parents and students to a film show at the Crescent Park School on Friday, November 17. Several excellent films were shown and there was a small stage show given by some of the students.

### ON SICK LEAF

Little Carol Bavin is on the sick list this week and it is suspected that she has contracted scarlet fever. It is hoped that the other members of the family have escaped infection and that Carol is making satisfactory progress. However, safety first measures have been taken and the family quarantined.

### LEAVES FOR MISSION

Mr. P. Lindmeier has left with his niece, Mrs. Aljara, for Mission City, and his place has been taken by Mr. Burnett at the Kidd residence.

### AUXILIARY MEETS

The ladies of the Crescent Beach Fire Auxiliary held their monthly meeting at the home of Mrs. D. Dren, on Monday, November 13. It

has been decided that for the present this group will not be having any social activities, which is unfortunate, as, with long winter evenings ahead, a little relaxation is always welcomed.

## CHIROPRATIC FOR HEALTH

### CONSTIPATION

It has often been said that North Americans are the most constipated people on earth, and the millions of dollars worth of laxatives sold each year would seem to prove it.

Many cases of constipation are actually created by the habit of giving youngsters a daily or weekly laxative for the reason that, since these laxatives cause the bowels to react independently, no demand is placed on the natural ability of the body to perform this function. The colon becomes lazy and will not function unless forced to by artificial means.

In true constipation, the colon is incapable of moving the waste matter to the rectum, a condition which certainly must have a cause. The function of the colon is controlled by the nervous system, therefore it is obvious to the chiropractor that these nerves must be totally or partially blocked, due to a vertebral misalignment. He locates the misalignment, corrects it, and restores the normal flow of impulses over the nerves. The colon, in most cases, has then no alternative but to perform its proper function, and normal bowel movements will follow.

To bring this anti-aircraft gun into action calls for a full crew—skilled men trained to fight as a fast-thinking, fast-acting team. To train such a crew takes time; gun crews must know how to handle modern scientific equipment—electronics, radar, radio, telephone men must work together with the closely timed co-ordination of a championship football team.

The Canadian Army Active Force needs men today... keep young men who can begin training immediately as anti-aircraft gunners. You can take your place at the side of the men who defend Canada by reporting for training without delay. Act now—and help make Canada strong.

## COOKIES FOR CHRISTMAS

## It's a wise homemaker that has cookies on hand

You should always have cookies on hand during the Holiday season. Many cookie recipes are traditional for Christmas and add to the gaiety of the festivities.

The tantalizing aroma of cookies baking, puddings steaming and fruit cakes baking in your kitchen is as much a part of the Christmas spirit as the Christmas tree itself. So let's get busy and make a few quick and easy cookies in advance so that they will be on hand for the family and visitors all through the season.

Some Christmas cookies are best if they are allowed to keep for a number of weeks before they are eaten. One of these cookies is the traditional shortbread.

## SHORTBREAD

2 cups flour  
1 cup soft butter  
½ cup brown sugar  
½ cup milk  
Mix thoroughly. Chill dough and roll to ¼ inch thick. Cut in fancy shapes, or form into a round and pinch edges to flake as for a pie crust. Place on ungreased cookie sheet. Bake at 300 degrees for 20 to 25 minutes. The tops should not be browned, nor should the shape

of the cookies change.

## CHRISTMAS CUTOUTS

This is a standard recipe for Christmas cutout cookies. They will really delight the children in your family. Get fairy-tale or Christmas cutouts, or cut out around a cardboard pattern.

½ cup shortening  
1 egg  
2 teaspoons baking powder  
2½ cups cake flour  
½ teaspoon salt  
½ cup milk  
1 teaspoon vanilla  
Cream shortening well. Add sugar and egg and blend together. Sift together flour, baking powder and salt and add to the creamed mixture alternately with the milk. Stir in vanilla. Chill. Roll out 1/16 inch thick and cut in Christmas designs. Brush with egg white, decorate and bake at 350 degrees for 10 to 12 minutes.

## RECIPE HINTS

Cookies are always in demand around the festive season.

## French Cookies

Cream together ¾ cup of butter with 1½ cups of brown sugar. Add two beaten eggs, then ¾ cup of one-eighth pastry flour sifted with 1 tsp. baking powder, vanilla, and half a cup of finely ground almonds. Chill for three or four hours, then either press through a cookie press, or roll out and cut in desired shapes. (This cookie keeps for months in a covered tin.)

## Swedish Fingers

Cream ½ lb. of butter or butter and shortening with 2 lbs. of sugar. Mix in ¼ cup of finely-chopped unblanched almonds and 2½ cups of flour. Put made in a cool place for two or three hours to make the dough easier to handle. Then make finger-like rolls cut about 2 inches in length. Dip each finger in 1 egg, beaten, then in ½ cup of finely-chopped almonds. Bake to a delicious golden brown at 375 degrees. (About 5½ dozen cookies.)

½ cup sugar  
Cook rice 2 to 3 minutes in boiling water. Drain. Mix rice with milk and vanilla. Place in a medium sized covered baking dish and bake 45 minutes to 1 hour at 300 degrees without stirring or until rice is almost dry. Beat egg yolks in bowl until frothy, then stir in butter and sugar. Mix thoroughly with the rice, breaking up rice grains as much as possible. Sauce:

Melt ½ cup sugar in a 9½ x 5½ x 2½ inch loaf pan, stirring constantly over low heat until sugar is dissolved and turns golden caramel color. Tilt the pan frequently to coat bottom and sides thoroughly with sauce. Then spoon rice into loaf pan. Set pan in a larger pan half-filled with hot water and bake in a moderate oven for 30 minutes, until firm and lightly browned. Cool in pan. Unmold on serving dish.

## LEMON BAKED APPLES

Imagine a wonderful cool-weather dessert with fresh red apples baked in a rich, tangy lemon sauce. Stuffed with mince meat or raisins and small pieces of orange, they're even more appetizing! You'll want to try this combination because it's also easy for you to make. Just core the apples, fill each one with two tablespoons of mince meat or raisins and the same of chopped draisins; then pour over the sauce and let them bake. When done, the sauce is ready to be served with the apples—no extra sauce to make at the last minute! It's an extra special family dessert for cool fall evenings. Serve with hot chocolate or coffee.

**LEMON SAUCE**—Cream one-half cup butter; gradually add one-half cup sugar and one beaten egg. Pour in three tablespoons water, three tablespoons fresh lemon juice, and one tablespoon grated

lemon peel. Pour over apples and bake at 330 degrees F. for about 40 minutes or until apples are done. Garnish with slices and wedges of lemons.

## Rice makes economical and nourishing meals

Rice is the answer to many of your food problems. You should never be at a loss as to what to serve as long as you have a cupful or two of rice on hand.

## PREPARING FLUFFY WHITE RICE

Secret of perfect fluffy rice—every grain separate.

Put 1 cup white rice, 1 teaspoon salt and 2 cups cold water in a two-quart saucepan. Cover with a tight-fitting lid. Set over a hot flame until it boils vigorously. Then reduce the heat as low as possible and simmer for 14 minutes more. During this time the rice will absorb the water and come out deliciously tender. Remove the lid to permit the rice to steam dry. Lift rice with a fork to test its consistency. Never stir while cooking and the grains will be separate and tender. Makes approximately three cups fluffy white rice.

## RICE CROQUETTES

½ cup uncooked rice  
½ cup boiling water  
1 cup hot milk  
1 teaspoon salt  
2 egg yolks  
1 tablespoon butter or margarine  
Rice crispies or cracker crumbs  
Add rig to water with salt. Cover and steam until rice has absorbed all the water. Add hot milk, stir lightly with a fork, cover and steam until rice is soft and milk has been absorbed. Remove from the fire, beat in egg yolks and butter or margarine. Cool in a shallow pan. When cool, shape into croquettes. With thumb make a well in the centre for jelly.  
Dilute 1 egg with 1 tablespoon water. Roll croquettes in crumbled rice crispies or cracker crumbs. Dip in egg mixture, being sure the whole croquette is well covered. Then roll once more in crumbs. Fry in deep fat until light brown. Drain on absorbent paper. Fill well in top with jelly and serve hot. Makes six or more delicious rice croquettes.

## RICE PQUANT WITH FRANKFURTERS

Delicious and economical.  
3 cups cooked rice  
3 tablespoons fat  
1 tablespoon chopped onion  
2 tablespoons vinegar

2 tablespoons brown sugar  
1 tablespoon lemon juice  
1 cup catsup  
1 cup meat stock or consommé  
1 tablespoon Worcestershire sauce  
6 frankfurters  
1 teaspoon salt

Melt fat in skillet. Add onion and cook until the onion is yellow, stirring frequently. Add seasonings and stock or a cup of canned consommé, or make it with beef extract and water, and simmer, covered for 15 minutes. Place the rice in the bottom of a shallow casserole. Pour sauce over it. Arrange frankfurters on top. Split the frankfurters if you prefer. Brush them with melted fat and make in a moderate oven, 300 degrees for 25 to 30 minutes. This will make six servings.

## FRIED RICE

Universal favorite.  
1 cup uncooked rice  
½ cup butter or margarine  
¼ cup chopped onion  
½ small green pepper  
1 can condensed consommé  
2½ cups water  
1 teaspoon salt  
Heat butter and margarine in a heavy skillet. Add fried, uncooked rice and cook, stirring constantly until rice is lightly browned. This will take about 10 minutes. Add onion and green pepper and cook, stirring, a few minutes longer or until the onion and pepper have lost their freshness. Add consommé and water and simmer over low heat 20 to 25 minutes or until rice is tender and excess liquid has evaporated. Makes six to eight servings.

## CARAMEL RICE CAKE

A new kind of dessert, upside down rice cake.  
1½ cups rice, raw  
4 cups milk  
1 teaspoon vanilla  
4 egg yolks  
4 tablespoons melted butter  
2½ cup sugar  
Put sauce:

**Decorations for Christmas Cookies**  
Cut cookies in shape of Santa Claus, Christmas trees, holly leaves, etc. Frost with butter icing after cooling. Using a pastry tube or a waxed paper cone, trim with frosting of another color. Add icing for example with white, red, pink or curvants for eyes, nose and mouth of Santa.

## SPRITZ COOKIES

Use a pastry tube to pipe cookies. Press to shape these spritz cookies. Twist the ends into a knot. Your party guests will be delighted if you call their names out in spritz cookies.  
1½ cup shortening, butter or margarine  
¾ cup sugar (fine)  
1 egg or 2 egg yolks, beaten  
1 teaspoon almond extract  
2½ cups cake flour  
¼ cup milk

Cream shortening and sugar together until light. Add beaten egg and almond flavoring. Beat well and smooth. Sift dry ingredients together and add to creamed mixture. Mold with a cookie press into

the desired moderate sizes.

## ALMOND COOKIES

These cookies are so delicious. Try them. You will find they are out of this world.  
1 cup butter  
¾ cup sugar  
2 eggs  
1 egg white  
1 cup flour  
1 cup almonds  
Crumbs  
Stuffy. Add cherries and almonds. For half cherry hands to mix on ground oven 225 or 230. While hot.

## Outdoor storage best for root vegetables

The feasibility of keeping root vegetables during the winter in easily prepared outdoor storages in the milder parts of the Pacific coast is often overlooked, although the two most important factors, insulation from frost and freedom from excessive moisture, are relatively easy to provide.

With respect to the first, tests at the Dominion Experimental Station, Sault Ste. Marie, have shown that a soil covering of six inches gives adequate protection to beets in the coldest winters when up to 24 degrees of frost have been recorded.

Where lower temperatures are experienced, more protection would be required. Excess moisture will not be a problem provided a well drained site is selected.

Storages for small lots can be very simple and easy to handle. For example, the roots may be placed in layers in apple boxes with dry sand, set against any convenient outside wall, and the whole covered with leaves or straw for added insulation. Providing excess moisture is excluded no difficulty should be experienced.

The clamp is an old country method of storage designed of wider use in this country. It is simple in construction and effective. The first essential is a conveniently located place of well drained ground. The procedure may vary somewhat according to local conditions and preferences.

One method is to lay a bed of straw on the ground, and then pile up the roots upon it. A convenient system is to make a separate pile for each kind of root vegetable so that each may be easily identified and readily accessible at any time. For large piles build the pile around a drain line placed vertically to ensure proper ventilation. For small piles up to 18 inches in height, no ventilation should be necessary.

Place a layer of straw over the roots and then an inch or two of soil. As the weather becomes colder, add more soil to the depth necessary for protection from frost.

# The SNAPSHOT GUILD

The mother who made this picture says, "I was so glad I had my camera handy when I saw my son having fun with the lamb."

## "If Your Daddy Could See You Now . . ."

THE words in the title of today's column could only be spoken by a mother . . . and it is to the mothers who frequently say that, that I am writing.

These words are spoken daily by thousands of mothers in indulgent tones of approval, reproof, or disapproval as they watch their youngsters' actions while father is away. I'm afraid the moral of my story is obvious. Of course, Daddy can see Cynthia splashing in the tub or baby busily engaged in an important study of his toes—if Mother keeps the camera handy.

A mother's picture-taking opportunities are such as to make professional photographers green with envy. Within her home and family she is surrounded, 24 hours a day, with the props, subjects, and situations they must scheme and spend to create.

In some homes, the camera is kept tucked away in the desk drawer

## DEPARTMENT OF THE PROVINCIAL SECRETARY

Hon. W. T. Straith, K.C., B.A., LL.B., Minister.

R. A. Pennington, Esq., O.B.E., Deputy Minister.

A. M. Gee, M.D., C.M., Director of Mental Health Services.

### CREASE CLINIC OF PSYCHOLOGICAL MEDICINE

Essondale, B.C.

The Provincial Mental Health Services are administered through the Department of the Provincial Secretary and provide suitable treatment and care to meet the many and varied needs of the community.

The Preventive Services comprise a group of Child Guidance Clinics situated in Vancouver and Victoria with a travelling unit covering other areas of the Province at stated intervals.

The Crease Clinic of Psychological Medicine, as pictured above, is an active treatment and educational center for the short term treatment of early mental illness.

The Mental Hospital Services continue to provide active treatment and care for the more advanced types of mental illness.

The school for the treatment and education of the mentally retarded child in New Westminster has been expanded and further expansion of this division is now under way.

The care of the aged is becoming an increasing problem requiring further expansion to meet the ever increasing demands. A separate division has been created with specialized units to care for the aged mentally ill. Units are now functioning at Port Coquitlam, Vernon and Terrace.

**Ratepayers' resolution demands hospital entry for all patients**

White Rock Ratepayers' Association has forwarded a resolution to the Provincial Cabinet asking that it be made obligatory for hospitals to receive and care for patients recommended by any physician.

Text of the resolution passed unanimously at a meeting on November 2 is as follows:

WHEREAS the Province of British Columbia has instituted Compulsory Hospital Insurance and we commend them for so doing; and the Government pays the hospitals for the care of patients admitted to said hospitals;

AND WHEREAS the different

governing bodies in the Province of British Columbia recognize and license various Physicians such as Medical, Naturopath, Osteopath, Chiropractor, etc.

AND WHEREAS the Government of the Province of British Columbia will only pay hospitals the per diem allowance for the care of patients who have been hospitalized on an order from a physician.

AND WHEREAS the majority of hospitals in British Columbia will accept patients from medical physicians only.

THEREFORE BE IT RESOLVED that we, The White Rock Ratepayers' Association, ask the Government of the Province of British Columbia to immediately make it obligatory for all hospitals in the Province of British Columbia to receive and care for patients from Medical Physicians, Naturopaths, Physicians, Osteopaths, Physicians, Chiropractic Physicians, etc.

**CHILDREN**—We have received the following letter from Santa, and we know you will be glad to hear the good news.

SANTA HEADQUARTERS,  
NORTH POLE.

Dear Friends,

I received your very kind invitation to visit Hilltop on my next trip, to meet and talk to all the children. I am glad to accept your invitation, and will stop over at your store sometime within the next three weeks.

I understand from my scouts that you have the largest selection of toys in town and I am sure I will be able to get everything I want there.

In the meantime tell the kiddies I hope to see them all at 'The Hub' and to write and tell me what they want for Christmas. Address letters to:

Santa Claus,

c/o "The Hub,"  
Hilltop, White Rock.

I will let you know the exact date to expect me at "The Hub" when I write next time.

Goodbye for now,
